CYCLING

Experience an excellent cardiovascular workout as you pedal through hill sprints and many other challenging drills on our indoor cycling bikes.

PIYO

Tone your muscles through a combination of yoga and Pilates. You'll focus on strength, flexibility, alignment, precision, centering, concentration, and breathing.

TABATA STRENGTH

Using a variety of exercises and methods for this training, you'll always be targeting major muscle groups for a whole-body workout. Tabata will make you lean and strong through short bursts of peak effort using the 2:1 work/rest ratio.

YOGA FLOW

Try Vinyasa, a dynamic yoga style that means "flowing with breath." You'll match physical postures with inhales and exhales, creating a steady internal rhythm. Deepen your practice both mentally and physically with this fluid class, building on strength, flexibility, and transitions.

REST & RECOVERY

Restore your body as you use foam rollers and straps to stretch. This class helps you alleviate muscle soreness and improve flexibility.

BARRE

Build longer, leaner, and stronger muscles! Barre combines the movements of Pilates, yoga, and ballet to focus on your alignment, posture, and stretching.

STRENGTH & CARDIO

Get a total-body, heart-pumping, strength-conditioning workout. This interval-based class combines full-body strength training with high-intensity cardio bursts designed to tone your body, improve your endurance, and clear your mind before you start your busy day!

If a program is canceled due to lack of enrollment, the Y will credit or refund your program fee in full.
